

The Saugeen R/C Flyer's newsletter

The windsack

Edition 11 April 2009

Well everyone it is time to welcome you to spring although some of the members have been flying off and on all winter...the flying field will soon be open and getting back into the swing of things.

We are looking for land for a new field and anyone with ideas or contacts so we can start arrangements to lease property are asked to bring their suggestions forward...any suggestion of the size of land parcel we should look at Those and another suggestion can happen at any time

Update on the cutting equipment

Ale r ron Ron has equipped the tractor to easily take all the drivers to driver seat...thanks Ron
Yours truly spent some cutting time and really enjoyed the tractor and I also it is just what this club needed...

A birds eye view

Look George has new plane or sounds like an old plane made new ... really the only way to find out is come out and fly and ask George for the story or tale .. which ever I saw it fly on May 7 and it flew like a dream

I am keeping the picture small to protect the guilty...check out the lean on the lean 2

We have Black Flies and got em bad ..so bring some repellent to the field to protect yourself...

We are hopeful that we might gain 3 to 5 new members ..so make them feel welcome ... like we always do

We have trench warfare going on so if anyone has ideas as to how to defeat the hog army Please come forward

This is the look at Maple Fest in Holeistin ...and a big salute to those members who went up to the event to represent the flying club...

Don't forget the next meeting is on the May 12 at the flying field We may take in a new flying site that night ...so be prepared...

Have fun this month flying
